Opportunity Method

Contract Opportunity

Opportunity Type

London 2012 supply chain (private sector)

Nature of Opportunity

Goods

Estimated contract value (GBP)

I: GBP 501k to 1m

About the Opportunity:

LOCOG is inviting suppliers to participate in an Expression of Interest (EOI) for the supply of security seals.

LOCOG's requirement is likely to include a variety of security seals, including high security and tamper evident seals, for use in applications such as the sealing of:

Description

- All types of vehicles and containers
- Doors, gates and windows
- Drains, manhole covers and service access hatches
- Street furniture

Seals will need to be customised to LOCOG's requirements and be consecutively numbered.

Prospective suppliers should note the scale of the Olympic and Paralympic project which encompasses 36 competition venues, 40+ training venues and 50+ non competition venues around the UK. As well as the physical infrastructure at these venues it is anticipated that there will be over 15,000 deliveries into the venues from LOCOG's warehousing and distribution centres and more than

1,000 busses in operation for the transportation of competitors and visitors.

Prospective suppliers should also note that it is LOCOG's intention to award a framework agreement under which LOCOG will call off security seals as specific requirements are identified. Delivery will be required to both competition and non-competition venues throughout the UK.

It is LOCOG's intention to identify a single supplier for the provision of security seals.

About the buyer's selection process:

Responses to the questions contained within this opportunity will be evaluated and a shortlist of suppliers who best meet the LOCOG requirement will be prepared.

LOCOG reserves the right to issue a Pre-Qualification Questionnaire (PQQ) and/or invite shortlisted suppliers to provide further evidence in support of their responses in order to determine a tender list.

Those suppliers issued with an Invitation to Tender (ITT) will receive further details of LOCOG's requirements. Unfortunately we are not in a position to give feedback to those who are not shortlisted.

Tenders will be evaluated against criteria provided within the ITT and successful suppliers will be invited to interview in support of their proposals. LOCOG may require a multi-round interview process in order to fully evaluate and test supplier's proposals. Successful supplier(s) will be notified and de-briefings will be available for unsuccessful bidders.

About the buyer:
